IAD 203: Project Planning and Evaluation

Thursdays from 2:10 to 5:00 p.m.
4 credits
Wickson Hall 1038
CRN: 29474

Course description: Interdisciplinary setting for application of student skills and specialization to a "real world" project. Focus on team-building and effective interdisciplinary problem-solving methods, with the objective of producing a project document and presentation within a specified deadline.
