GGSS ROUND TABLE 2016
9th Annual Geotechnical Engineering Open House
University of California, Davis
Schedule

8:00 am  REGISTRATION @ UC DAVIS ARC Ballroom
8:30 am  WELCOMING REMARKS
8:50 am  STUDENT PRESENTATIONS - PART I
   “Liquefaction Experiments and Analysis Projects (LEAP)”
   – Trevor Carey, Ph.D. Student (Bruce Kutter)
   “Effect of shaking history on cone penetration resistance and cyclic
   strength of saturated sand”
   – Kathleen Darby, Ph.D. Student (Ross Boulanger)
9:45 am  REFRESHMENTS BREAK
10:00 am STUDENT PRESENTATIONS - PART II
   “Lateral spreading in interlayered deposits: Çark Canal in the 1999 Kocaeli
   earthquake”
   – Sean Munter, Masters Student (Ross Boulanger)
   “Pile driving mechanics at the tip as informed by direct measurements”
   – Kevin Kuei, Ph.D. Student (Jason DeJong)
11:00 am POSTER SESSION - PART I
12:10 pm LUNCH @ UC DAVIS ARC Ballroom & Courtyard
1:10 pm  POSTER SESSION - PART II
2:05 pm  STUDENT PRESENTATIONS - PART III
   “Characterizing seasonal trends in subgrade stiffness for California
   pavement design methods”
   – Hannah Curran, Masters Student (John Harvey)
   “Numerical modeling of uncertainty and use in decision-making”
   – Maxime Lacour, Ph.D. Student (Boris Jeremić)
3:00 pm  POSTER SESSION AND REFRESHMENTS - PART III
3:45 pm  GUEST PANEL DISCUSSION
   “Career development and the transition from graduate school to practicing
   engineer”
4:45 pm  CLOSING REMARKS / AWARDS
5:00 pm  DINNER @ UC DAVIS ARC Ballroom
