- **Don't download illegal content**
 - Simply keeping illegal content to a computer connected to the UCD network is a violation of the UCD acceptable use policy
 - This includes screen scraping journal articles
 - We are required to notify SJA and potentially suspend network access. More serious legal consequences are possible depending on the violation. Please don't.
- **Don't mix research and personal**
 - Computing resources are available, please ask if you're not sure
 - Your advisor can provide resources and I can help when necessary
 - Licensing is complicated and you can be held liable for violations, please ask for advice to be safe!
