Background:

Assembly Bill 617 introduced the Community Air Protection Program. The program employs a community-focused framework for air quality monitoring and emissions reductions with CARB, local air districts, community residents, and other stakeholders. Our goal is to evaluate the role that community engagement plays throughout this process and policy implementation as well as ways to improve the process for the future.

As part of the study, we will be hosting the AB 617 Reflection & Learning Convening focused on the community perspectives of the policy implementation. This event will bring together residents and community organizations from all of the selected communities.

VOLUNTEER RESPONSIBILITIES:

- Parking attendants and guiding participants to ballroom
- Registration of participants
- Note-taking at each table
- Set-up, passing out of handouts, clean-up

*****We are looking for a volunteer with experience in videography who would be able to record the panel discussions and take photos.*****

If you are interested in helping and learning more about this convening please let us know! All meals will be provided throughout the day for volunteers!

If you have any questions about the event, please feel free to email Peter Nguyen at pvtnguyen@ucdavis.edu.
