

Tenure-Track Assistant Professor Civil Engineering

The Department of Civil Engineering at Cal Poly Pomona invites applications for a position in Construction Engineering Management (CEM) or Structural Engineering, appointment effective Fall 2022.

Duties and Responsibilities: Teaching (undergraduate/graduate), scholarly activities (research/funding), and service (department/college/university)

Required Qualifications:

Ph.D. in Civil Engineering, Construction Engineering, Construction Management, or Structural Engineering or a closely aligned field by the date of appointment;
Commitment and record of contributions to student success, demonstrated through teaching, scholarship, or service;
Demonstrated ability to contribute to the diversity and excellence of the academic community through teaching, research, service, and fostering an inclusive environment.

Consideration of completed applications will begin on **November 28, 2021** and will continue until the position is filled. For expanded position description and application information, please go to <http://www.cpp.edu/~faculty-affairs/open-positions/>. The application process requires submission of a student success statement that demonstrates the applicant's commitment and record of contributions to at least two of the inclusive excellence criteria listed in the detailed position announcement. For general inquiries, please email cpp_ce_search@cpp.edu.

The University is an Equal Opportunity / Affirmative Action Employer (AA/EOE).

“CPP- CE Virtual Faculty Info. Session (Nov 12)”
