INVOLVEMENT

Arboretum Waterway Stewardship Internship Recruitment: Winter 2023

Application Due: **November 18th, 2022**

[Apply Here](#)

WSI focuses on improving the water quality, ecological value, and aesthetic appeal of the Arboretum Waterway. Interns will become familiar with land and water management concepts of sustainable environmental design, stormwater management, and native habitat restoration in an urban setting. Thinking globally and acting locally, this team will consider how water is essential to life and how we can improve the quality and quantity of water available.

All undergraduates, including transfer students and first years, are encouraged to apply!

IAD 203N – Project Planning and Evaluation

When: Thursdays from 2:10 to 5:00 pm
CRN: 29474

We still have room in IAD 203N in Winter 2023. This course is appropriate for students who want to work both internationally and domestically. And this year, we will again be joined by the Humphrey Fellows – giving us new connections and allowing us to learn from their experiences.
