

STAFF ENGINEER OPPORTUNITY

Peterson Brustad Inc. (PBI) provides engineering consulting services to the water industry. Founded in 2005, we specialize in developing innovative and cost-effective solutions for our clients' most challenging water resources, drinking water, wastewater and recycled water projects. Our staff get the unique opportunity to work on a very diverse pool of water related projects, ranging from detailed water treatment plant design to regional flood management planning. Our office is located in Folsom, CA next to one of Folsom's numerous paved recreational trails along Lake Natoma. Folsom also tops the list of California cities as the best place to raise a family. *PBI is a small specialized firm (15-25 employees) with a strong family culture that encourages camaraderie among our employees. The success of our company is a result of the quality staff that we have assembled over the years.*
