

PATH TO ZERO NET ENERGY

SPRING 2022 | CRN 30557 | ABT 212

Apply your skills and help UC Davis reduce its carbon footprint!

A project based course that offers students hands-on experience in the fields of sustainable development and energy efficiency.

Throughout the quarter students will have the opportunity to work directly with a client on an energy focused project.

Projects will fall under three main categories:

- improve the energy efficiency of a facility,
- explore the feasibility of a project idea, or
- study how a building can improve operations to reduce carbon emissions.

Course lecture topics will include fundamentals of energy use in society, renewable energy systems, greenhouse gas emissions, energy economics, and clean energy policy.

Join us for a 30-minute virtual information Q&A to meet professor Kurt Kornbluth & UC Davis Energy Manager Joshua Morejohn.

WHEN: Friday, February 18th, 2022 @ 12-12:30 pm

WHERE: ZOOM (ID 915 9430 8999, code: 302153)
