The Innovation Institute for Food & Health offers exciting fellowship opportunities twice yearly. This fall, apply for a venture capital group residency in New York or Hong Kong to learn about the process of landscaping and vetting startups in food and agriculture during 2019-2020!

### FoodShot Global Fellowship

A New York collaborative investment platform that empowers bold ideas and innovative companies to accelerate the transformation to a healthy, sustainable and equitable food system. It is a collaborative investment platform of innovators, investors, industry leaders and advocates working to solve our biggest food system challenges. This year's Protein Challenge focuses on solving the global protein gap, where protein demand will increase exponentially with the population growing to 10 billion and the rise of the global middle class.
