Engineering Student Intern

# Regional San and Sacramento Area Sewer District Seeking Candidates for Engineer/Architect Student Intern Position

## About the Position

Provide support for the Policy and Planning Department, work assignments include:

- Assisting with the Confluence Grant Program, Septic-to-Sewer Community Projects, On-Site Monitoring Reports, and Revenue Model
- Assisting with grant reporting and construction projects, preparing and revising AutoCAD drawings, including budget tracking and invoicing
- Assisting with various administrative tasks utilizing Excel, Word, and other software

## About Us

The **Sacramento Area Sewer District** owns and operates thousands of miles of lower lateral and main line pipes and is responsible for the day-to-day operations and maintenance of those pipes and related infrastructure. The wastewater is collected in our system and flows into the **Regional San** interceptor system, where it is conveyed for treatment at the Sacramento Regional Wastewater Treatment Plant in Elk Grove.

## MINIMUM QUALIFICATIONS

01

Current full-time enrollment in an accredited college or university leading to a bachelor's degree in civil, mechanical, environmental, or sanitary engineering; architecture; landscape architecture; or construction management.

02

A valid Driver's License, Class C or higher.

03

1-year commitment desired. Full-time during breaks and part-time during the school year.

## HOW TO APPLY

Email your resume and cover letter to:  
**Anne Tran**, [TranAnne@sacsewer.com](mailto:TranAnne@sacsewer.com)

## SALARY INFORMATION

\$18.88 - \$22.88 per hour  
\$3,285 - \$3,981 monthly

*(Salary depending on class level: Freshman, Sophomore, Junior, or Senior)*

**FINAL FILING DATE: JUNE 17, 2022**
