SCIENCE OLYMPIAD AT UC DAVIS

WHAT IS SCIENCE OLYMPIAD?

An academic competition where middle school and high school students across the nation compete in a variety of science-related events.
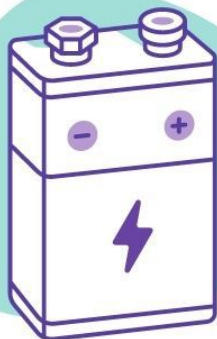

WHAT DO WE DO?

We host an annual competition for high schoolers (Aggie Invitational) and mentor local Science Olympiad competitors.
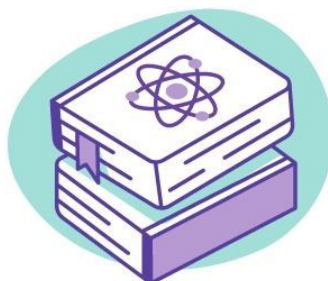

GET INVOLVED!

Help create tests, become a mentor for the local high school, or volunteer on competition day.

EXAMPLES OF EVENTS:

Forensics: use chemistry to solve a crime
Sounds of Music: build an instrument and learn the physics of sound
Ornithology: test your bird knowledge
Codebusters: decode and encode encrypted messages

ALL MAJORS ARE WELCOME!
