ASCE: Mentorship Program
(Student Mentorship)
Are you an underclassman with lots of questions about classes, internships, or civil engineering in general? Do you wish you had someone who has already traversed the same path and could offer you tips to succeed? OR are you an upperclassman with a stack of knowledge, tips, and wisdom that you would love to share with an underclassman?

The program has been launched but we are still taking more underclassmen, you can sign up for the program at any time.

ASCE UCD is excited to announce our 2019 mentorship program, which aims to bridge the gap between upper and underclassmen!
Details about the program are in the attached flyer.
