1. WRRC STEM Related Programs

1. Midterms STEM Cafe starts this week!

*The Women's Resources and Research Center invites you to STEM Cafe*

STEM Cafe is a study and work friendly environment with STEM academic support available for math, science, or coding.

*All are welcomed!*

(Refer to link below for details on which courses are available for academic support.)

https://tinyurl.com/Support-Hours-STEM-Cafe

Lets study together

*snacks and testing materials will be provided.*
Check out our event on Facebook:
https://www.facebook.com/events/381769742671393/

2. RSVP for STEMinist in the Workforce!

_The Women’s Resources and Research Center (WRRC) invites you to attend our STEMinist in the Workforce Series!_

**Session 3: Dismantling Gender Bias in STEM**  
**Date:** Monday, May 20th, 2019  
**Time:** 12:00pm-1:30pm  
**Location:** Student Community Center (SCC) Meeting Room B

At Session 3, our very own STEM Coordinator, Amber Pulido, will lead a discussion on Gender Bias in STEM. Pulido will give space for folxs to share their experiences and she will guide attendees through the conversations to come to community-based solutions of dismantling gender bias.

**Information on Amber Pulido:**

Amber Pulido is a fifth year majoring in Civil Engineering with an emphasis in Water Resources Engineering. She will be attending graduate school here in the Fall of 2019 for her Masters degree in Water Resources Engineering. She has been involved in community organizing for three and half years. As a queer Chicana, Amber is very familiar with gender and racial bias in STEM. Being the STEM Coordinator of the Women's Resources and Research Center, she created STEMinist in the Workforce to start dialogues within marginalized communities to allow space for community members to heal and grow from their experiences. To learn more about Amber Pulido, check out her LinkedIn: [https://www.linkedin.com/in/ambermpulido/](https://www.linkedin.com/in/ambermpulido/)

For more information about each sessions’ topics, please review the RSVP link below.

_There are only 20 spots open for undergraduate and graduate students._

2. SWE Career Transition Discussion and Q&A

"College to Engineering Career Transition" Discussion and Q&A with Lockheed Martin: Friday, May 10th, 5PM-7PM Kemper 1127

Calling all graduating seniors and/or any engineering student looking for insight into the process of transitioning from a college lifestyle to a career lifestyle! _Join SWE and a recently graduated, working engineer at Lockheed Martin_ for an in-depth discussion and Q&A session regarding the college to career progression as an engineer. _Pizza and drinks will be provided!_

3. Summer Research Fellowship in Transportation

The National Center for Sustainable Transportation, led by ITS-Davis, is offering a limited number of summer research fellowships for undergraduates at UC Davis. The fellowship will support students for an eight-week period over the summer to participate in ongoing research projects with faculty and graduate students.

Please see the attached flyer for more information. Applications are _due by 5pm on Wednesday, May 15th_.

4. Project Bit – Robotics Volunteer Opportunity

Project Bit, a new outreach initiative, introduces elementary school students to robotics/STEM. Their mission is to inspire younger generations to develop curiosity and passion for STEM.
Each week, outreach events at local elementary schools are held in Davis in order to introduce elementary school students to robotics education.

The team is currently looking for volunteers to help out at an upcoming event this Wednesday, May 8, at Birch Lane Elementary School from 8:30-10:30AM. Both STEM and Non-STEM majors are welcome! Volunteers can RSVP for these events on our volunteering facebook page at https://www.facebook.com/groups/572301716612297/?source_id=3185011814858348. All upcoming volunteer opportunities will be posted on this link in the future.

This is a great opportunity for UC Davis students to interact with their community with the purpose of spreading STEM education.

5. Global Study Program Now Hiring

The **Global Study Program** is now hiring at the International Center on-campus! **Student Advising Assistant** positions are open for 2019-20 school year, with both Summer and Fall start dates! Assist in advising international students on academic courses and campus life, as well as plan socials to help students build lifelong friendships and have a memorable study abroad experience! Apply today on Aggie Job Link (AJL #849947).

6. GEL 185B during Summer Session 1

GEL 185B will be offered this Summer Session 1. This 2-unit GE course is great for future Elementary School teachers, covering topics of teaching earth science to elementary school children.
Handshake – an online career management system that is replacing Aggie Job Link (AJL) is now available to students!

Log in today at ucdavis.joinhandshake.com

For more information about Handshake, visit https://icc.ucdavis.edu/find/resources/handshake
Students can RSVP here: https://www.facebook.com/events/2003246926637443/

Capital Projects Summer Intern
Blue Diamond Growers
$20/hr.

Blue Diamond Growers is recruiting students for their Capital Projects Summer Internship. The internship is an 11-week paid internship that focuses in the area of...
Manufacturing, Engineering, Quality and Operations Excellence. The program is targeting undergraduate students with junior class standing or first year graduate students with preferred majors in Business, Communications, Information Technology, or related majors. They are looking for interns that are truly passionate about gaining experience in a food manufacturing environment. This opportunity is in the Capital Projects department, located at their corporate headquarters in Sacramento, CA.

**U.S. Department of State Opportunities**

*Technology Facilitates Interconnected Diplomacy*

Use your IT skills to enhance diplomacy!

The U.S. Department of State is making it easier for you to apply to become a Foreign Service Information Management Specialist.

Join us now and help safeguard information systems and implement new technologies to improve the business of diplomacy. You will apply modern IT tools, approaches, systems, and information
products to support the advancement of U.S. foreign policy and ultimately contribute to U.S. national security.

When you become an Information Management Specialist, you will have access to continued training and career development programs, health and medical coverage, federal retirement benefits, and generous paid leave. When serving overseas, you will receive paid housing or an appropriate housing allowance, and paid education for dependent children K through 12.

Your new career path can start today. Visit Pearson VUE and apply at any time. To learn more about the new application process, check out our new infographic.

**Student Internship Spring 2020 Program**

Apply through June 3, 2019. This program offers U.S. citizen undergraduate and graduate students the opportunity to participate in **10-week, unpaid internships** that provide intensive educational and professional experience within the environment of America’s principal foreign affairs agency. [https://careers.state.gov/intern/student-internships/](https://careers.state.gov/intern/student-internships/)

**Learning by Leading - On Campus Student Internships - Due May 11**

Learn leadership skills and real-world experience to help address the earth’s most important environmental issues. Quarter-long and year-long internships available, in which students work in a team to solve real-world problems in the UC Davis Arboretum and Public Garden. See available internships and how to apply [here](#).
ICC Positions for Graduate Students

Career Services for Master’s, PhD and Postdoctoral Scholars (MPP) at the Internship and Career Center is hiring for two graduate student assistant (GSA) positions! If you are seeking an on-campus immersive experience or to develop additional skills please consider to apply.

- **Graduate Student Peer Advisor**
  - Great opportunity for people seeking to further develop skills in mentorship, advising, communication, presentation skills for careers such as faculty, community college teacher, student affairs or management.
Great opportunity for people interested in developing additional skills in marketing, partnership development, employer relations, program development for careers such as academic administration, industry, government and student affairs. Both roles are great opportunities to further your career management and professional development.

Applications due May 6th, 2019. Can start as early as Summer 2019! Job description listed below and attached to this email. Please submit a cover letter (1 page limit) and resume (2 page limit) to Aggie Job Link.
